With the co-operation of the representative of a medical pharmaceutical company, BIOCAD, Mr.Anandaharikumar, a talk-cum-interactive session on **“DEFEAT CANCER-I CAN, WE CAN”** was conducted for the Community Health Club members on **28-2-2018**. The session also saw the participation of 200 students

comprising of the I PG students of all the Departments, the members of the Science Club and also the Health Education Club. Dr. CherianThampy, Medical Oncologist from KIMS Cancer Centre, Thiruvananthapuram, was the spokesperson.

Dr.Cherian began his talk by asking the audience the definition for disease and mentioned the 2 categories of disease. He then spoke about the life style diseases and then came to his topic 'Cancer'. He undermined the fact that tobacco and alcohol were the 2 main cancer causatives. He summed up his presentation by encouraging the youth to bring about changes in the society. He reiterated the fact that "only the youth can create a tobacco free society". The talk was then followed by a very active interactive session. The programme which commenced at 2.00pm came to an end by 4.00pm.
