Interaction with delegates

IQAC INTERNAL QUALITY ASSURANCE CELL

INTERACTION WITH DELEGATES

Interactions with delegates at Fatima Mata National College are an essential part of fostering academic and professional development. Delegates may include guest speakers, experts, industry professionals, or representatives from other institutions who visit the college to share their knowledge, insights, and experiences with the students and faculty. These interactions aim to provide students with exposure to real-world perspectives, create networking opportunities, and enhance their learning beyond the traditional classroom setting. Here's an overview of how interactions with delegates are typically facilitated at the college:

1. Guest Lectures and Workshops:

- The college organizes guest lectures and workshops where delegates from various fields are invited to speak on relevant topics.
- These sessions may focus on the latest developments, industry trends, career opportunities, and research advancements.

2. Conferences and Seminars:

- Fatima Mata National College may host conferences and seminars, inviting delegates from academia, industry, and research organizations.
- Students and faculty have the opportunity to attend these events, present their research, and engage in discussions with the delegates.

3. Panel Discussions:

- Panel discussions are organized to bring together multiple delegates who represent diverse perspectives on a specific topic.
- Students can interact with the panelists, ask questions, and gain insights from different viewpoints.

4. Networking Events:

- The college may host networking events where delegates and students can interact informally, fostering meaningful connections and potential mentorship opportunities.

5. Career Fairs and Internship Programs:

- Delegates from various companies and organizations may participate in career fairs to interact with students seeking internships or job opportunities.
- These events enable students to learn about different career paths and potential employers.

6. Collaborative Projects and Research:

- Delegates may collaborate with the college on research projects, providing students with hands-on experience and exposure to cutting-edge research.

7. Alumni Interactions:

- Alumni who have excelled in their respective fields may also be invited as delegates to share their post-graduation experiences and career journeys.
- Alumni interactions inspire and motivate current students and provide valuable insights into career paths after graduation.

8. Exchange Programs:

- Fatima Mata National College may have exchange programs with other institutions, allowing students and faculty to interact with delegates from partner colleges.

9. Feedback and Evaluation:

- After each interaction with delegates, the college seeks feedback from students and faculty to assess the effectiveness and relevance of the event.
- Feedback helps in improving future interactions and aligning them with the needs and interests of the college community.

Interactions with delegates at Fatima Mata National College enrich the learning experience, provide exposure to real-world challenges and opportunities, and contribute to the holistic development of students. These interactions foster a culture of curiosity, collaboration, and continuous learning, preparing students for their future careers and endeavors.

WEBINAR ON 'WALKING THROUGH THE WESTERN GHATS'

Post Graduate Research Department of Botany of Fatima Mata National College (Autonomous) in collaboration with IQAC organized a webinar on 20th July 2021 with the topic "Walking through the Western Ghats". The aim of holding this webinar is to generate awareness on biodiversity in Western Ghats among students, researchers, local communities and other stakeholders. **Dr. Jomy Augustine, Professor & Head, Department of Botany, St. Thomas College, Pala** have been invited as speaker on the specified theme. The session was of one and a half hour duration conducted through the zoom virtual platform.

Dr. Jomy Augustine highlighted with beautiful snapshots of various species of flora and fauna

captured by him, depicting the radiant life on Western Ghats. He spoke about the rich biodiversity in the Western Ghats followed by the challenges faced and the dependence between flora and fauna. This webinar provides awareness among the people about ecology and related issues like denudation of forests, afforestation, preservation of wildlife, natural resources etc. and to learn more facts about the nature and extent of ecological destruction of the Western Ghats. The webinar was successfully conducted with 260 participants attending the session and having a good and lively interaction with the speaker.

The poster is for a webinar titled "Walking Through the Western Ghats" organized by the Post Graduate Research Department of Botany at Fatima Mata National College (Autonomous), Kollam-691001, Kerala, India. It is in collaboration with IQAC FMNC (Internal Quality Assurance Cell). The webinar is part of the National Webinar Series, Day-1, on Tuesday, 20th July 2021, at 6.00 pm. The resource person is Dr. Jomy Augustine, Professor & Head, Department of Botany, St. Thomas College, Pala. The topic is "WALKING THROUGH THE WESTERN GHATS" (പാലാ-ദൃശ്യങ്ങളുടെ ഒരു - സന്ദർശനം). The poster includes contact information for registration, a Zoom link, and a list of the organizing committee members.
