When God's own country was affected by the biggest disaster of the century, the whole state extended their hand of support. Fatima Mata National also was in the front line in helping and rebuilding Kerala. Our activities had participation of students, staffs, former students association as well as PTA. Staff and students were self-motivated in avoiding all kinds of Onam celebrations and used that amount in extending their help for flood affected. Our students spend their Onam holidays in campus collecting food, dresses, medicines and other necessary items and were able to provide it to various relief camps.
