1.3.4 Number of Students Undertaking Student Projects

At FATIMA it is mandatory that all UG and PG students submit a project for the successful completion of the programme. The students have to submit the dissertation of their project work during their final semesters (UG- 6th Semester; PG- 4th Semester), even though the project work starts in the beginning of the programme. As per the manual the data for latest completed academic year has to be provided for 1.3.4. It includes only the students of the final year. We are claiming the total student strength on roll, since all the second year and first year students in UG and all the first year students in PG have to submit the dissertations in the year of completion of these courses as explained in the table below-

Project submission Year	I UG	II UG	III UG	I PG	II PG	Total
2018-19	--	--	807	--	160	967
2019-20	--	863	--	181	--	1044
