## Annual E-Governance Report 2017-18

FATIMA IT Solutions introduced FAMS (Fatima Academic Management System) for the online management of academics by cloud hosting.

Under FAMS, the following modules introduced were as follows:

- Student Attendance Module with SMS Linking Facility
- Hall Ticket Generation Module
- Marklist Generation Module
- Online Student Application Module for Admissions to various programmes
- Student Feedback Module

Language Lab was also upgraded with 13 new computer systems and a licensed software for facilitating language training.

Media Lab and Recording Studio were constituted and equipped with the necessary peripherals and software for facilitating the recording and editing of lectures.
